Rigid, Lightweight, Non-Isolating Support Frames

Features

- Accommodates Breadboards from Our PBG Series (Pages 4 - 5)
- All Steel Construction
- Casters and Leveling Feet Included
- Compatible with Metric and Imperial Breadboards
- Sorbothane Pads Provide Damping Between Table and Frame

This breadboard frame is designed for use with our PBG Series and is ideal for teaching labs or other applications that are not sensitive to external vibration. Its lightweight construction and included casters allow the user to maneuver the workstation easily to any desired location. This alternative to rigid frames can be useful in providing an extra work surface and support for breadboards at an economical price.

These frames, which are stocked for immediate shipment, are excellent for use with our UltraLight series breadboards (see pages 4 - 5). For applications with heavier load requirements, please refer to our Rigid Support Frames earlier in this section.

440 lbs (200 kg) Weight Limit Includes
Breadboard and Instrumentation
(Breadboards Sold Separately)

Specifications

- **Load Capacity, Including Breadboard:** 440 lbs (200 kg)
- **Working Height:** 29" (735 mm) Plus Height of Breadboard
- **Finish:** Dark Gray
- Includes Casters and Leveling Feet
- **Unpackaged Weight:**
 - PFM52501: 36.3 lbs (16.5 kg)
 - PFM52502: 40.7 lbs (18.5 kg)
 - PFM52503: 38.6 lbs (17.5 kg)
 - PFM52504: 43.0 lbs (19.5 kg)

Lightweight, Non-Isolating Support Frames, 29" (735 mm) Height
