

## Faraday Enclosure External Post Adapter

The PSY403 external post adapter allows the Faraday Cage to be used with our ScienceDesk post-mounted accessories. The adapter bolts to the upper rails of a ScienceDesk frame and provides a single post-mounting through hole. Common applications of this adapter are for mounting a monitor (PSY120 or PSY121 Support Bracket), attaching a keyboard holder (PSY132), or mounting a single shelf (PSY191).

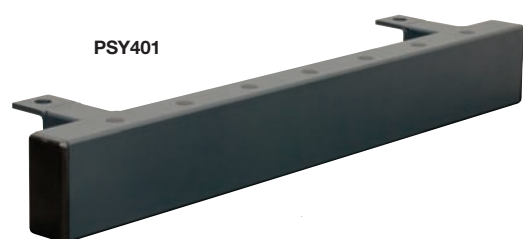

PSY403

ITEM #	\$	£	€	RMB	DESCRIPTION
PSY403	\$ 50.00	£ 36.00	€ 43,50	¥ 398.50	Faraday Enclosure Single External Post Adapter

NEW

## Faraday Enclosure Post and Side Shelf Adapter

PSY401

The PSY401 adapter maximizes the mounting capabilities when using a ScienceDesk with a Faraday cage. It offers seven through holes for post-mounted ScienceDesk accessories. Additionally, this adapter allows for the PSY350 side shelf to be attached to a ScienceDesk frame equipped with an enclosure, providing a large, 755 mm x 600 mm work surface separate from the isolated experiment.

## Faraday Enclosure XE25 Rail Adapter Kit

PSY404 Adapters used to Build  
Structure within Faraday Cage

Customized mounting solutions within a Faraday cage enclosure are made possible with the PSY404 adapter kit. By attaching one of the adapter plates included in the PSY404 kit to each end of a user-supplied XE25 series rail (see page 218 for details), the rail can be mounted perpendicular to a segment of the Faraday cage's XE25-compatible frame as shown in the photo to the left. A common application of this adapter is to construct a mounting structure within the Faraday cage that does not disturb the vibration-isolated experiment.

PSY404  
Includes Two  
Adapter Plates, Two  
1/4"-20 Flat Head  
Screws, and Two M6  
Flat Head Screws

ITEM #	\$	£	€	RMB	DESCRIPTION
PSY404	\$ 40.00	£ 28.80	€ 34,80	¥ 318.80	Faraday Enclosure XE25 Rail Adapter Kit

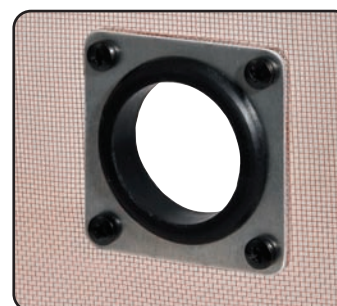

NEW

## Faraday Enclosure Cable Port Kit

PSY405

While the Faraday cage offers two cable ports on its rear panel, additional ports can be added to any Faraday Cage panel using this cable port kit. Each PSY405 kit enables the creation of an additional port with a clearance of Ø1.75" (Ø44.4 mm).

ITEM #	\$	£	€	RMB	DESCRIPTION
PSY405	\$ 22.00	£ 15.84	€ 19,14	¥ 175.34	Faraday Enclosure Cable Port Kit
